

Candlewood Lake SWOT Meetings

We are posting public meeting dates in October requesting members to attend one of our "SWOT" sessions.

SWOT stands for Strengths - Weaknesses - Opportunities - Threats

These SWOT sessions are the critical first step in creating a long-term plan for Candlewood Lake. Long-term planning is an essential function of our Board of Directors.

Your feedback is essential if we are to be successful in creating a long-term plan that will truly meet or exceed the expectations of our members and gain wide support.

The SWOT sessions will be facilitated by Greg Adkins, a Candlewood resident and new Chairman of the Long Range Planning Board Committee. We will seek your candid feedback on Candlewood Lake :

- **Strengths** - Consider our physical property, attributes, amenities, leadership, decision making, quality, costs, services, efficiency, etc.
- **Weaknesses** - Consider everything about our community including the above items under 'Strengths'.
- **Opportunities** - Consider improvements needed, quality, costs, services provided, and new services or amenities.
- **Threats** - Consider external threats including environmental, regulatory or internal threats that could have a substantial negative impact on our community.

Your feedback will be documented, clarified, and prioritized, then will be become part of Candlewood's long range strategic plan. Please plan to attend one of the sessions and help us create our path to the future !

SWOT Meeting Dates

- **October 17th (Tuesday) - 3pm to 5pm at Harmon Lodge**
- **October 19th (Thursday) - 7pm to 9pm at Harmon Lodge**
